GRAMMAR AND SOCIAL ACTIONS

4-5 APRIL 2016

UNIVERSITÀ PER STRANIERI DI PERUGIA
PALAZZINA VALITUTTI - VIALE CARLO MANUALI 3

The day is dedicated to exploring how grammar is used in interaction in everyday settings. We shall try to identify how participants design the lexical, syntactical and prosodic features of their talk in order to accomplish their interactional agenda. Presentations and data sessions will take place all day Monday 4th of April and in the morning of the following day. This one-day (and a half) conference is particularly addressed to doctoral students, pre and post degree students and all who are interested in the field.
